ABOUT US

Baracatt Motorsport Tires is a young and innovative company dedicated to the manufacture and development of competition tires. BMT intends to be a relevant alternative. Understanding the rally scene , the need to provide an adequate balance between price, service and quality has become the Company's main target. We have developed our own brand by acquiring technology and recognized experience from Global brands and specialists.

With the intention of being able to serve a global market, in this phase, we are Initially developing the appropriate sizes to meet the main Rally Classes.

OUR QUALITY

Our products are developed with the highest standards demanded by the world of motorsport. Our innovation is focused on providing safety, performance and quality and we have a wide range of sizes in different compounds to provide our customers with the best options to suit different road conditions, climates and distances.

GRAVEL RALLY TIRES

BMT DMG 2

The BMT DMG 2 Gravel Rally tire benefits from an asymmetric design for maximum grip and drive. It is suitable for all kinds of cars, including R5, R2, R2N, Maxi Rally, and Proto.

BMT DMG 3

The BMT DMG 3 is our 13 and 14-inch tire , specifically developed for single traction vehicles. It offers exceptional grip through its symmetrical drawing. Its construction is designed to maximize puncture resistance.

BMT DMG3 PLUS

BMT DMG3 PLUS tyre in 13 and 14 inches is an evolution built upon our DMG3 model, featuring reinforced characteristics suitable for very abrasive and rocky surfaces. It provides greater resistance, grip, and durability.
